- Sports Management

BACHELOR OF SCIENCE REQUIREMENTS

Accelerated 3-year, 3+1, and 4+1

- The undergraduate Office of Admissions will determine PLUS Program eligibility at the time of admission to the University. If you maintain a minimum high school grade point average of 2.80, you will be invited to join the program in your acceptance letter. The offer of admission into a PLUS Program must be accepted prior to registering for first semester classes.
- Accelerated One-Year Master's Degree Requirements
- If you are enrolled in any Franklin Pierce undergraduate program, you are eligible to apply to the one-year, accelerated master's degree program after completing 60 undergraduate credits.

MBA REQUIREMENTS

If you are an Accelerated Student

You are eligible to choose two of the following graduate courses to fulfill undergraduate senior year electives.

- GM510 Seminar in Leadership
- GM520 Legal and Ethical Issues
- GM540 Organizational Behavior

Graduate Admission Student

- In addition to completing the graduate application, you must also submit a resume and one letter of recommendation from a Franklin Pierce professor to be considered for admission. GRE/GMAT test scores are not required.
- Graduate Courses Eligible for Dual Credit

BENEFITS OF THE FRANKLIN PIERCE BUSINESS PLUS PROGRAM

Advisor / You will work directly with an advisor to develop an education plan that ensures successful completion of your program of choice. Customized three and four year academic schedules are available, enabling you to participate in the program while playing collegiate sports, working, or volunteering.

Credits / If you are in the +1 Program, you may transfer 6 graduate-level undergraduate credits into your graduate program resulting in a graduate tuition savings of as much as \$3,990*.

Delivery / Undergraduate coursework is delivered in traditional classrooms and online. Graduate courses are offered in both a hybrid and online format.

Flexibility / If you initially choose a three-year program, you may transition to a traditional program at any time without loss of credit applicability.

Job Marketability / If you are in an accelerated program, you will enter the job market either one year sooner than your peers, or if pursuing the +1 Program option, with a master's degree, making you more likely to land a job. Internships and fieldwork strengthen a graduate's resume.

Savings / If you are in an accelerated undergraduate program, you may save as much as \$55,000* in tuition, meal plan, and room and board.

*based on 2020-2021 rates.
