Each year the Career Planning & Placement Office conducts a survey of graduates from the Rindge Campus regarding their post-graduation plans. An initial questionnaire is completed just prior to May graduation in conjunction with the Alumni Relations Office and the Career Planning & Placement Office conducts a mail, phone and e-mail survey the following December.

Of the 260 individuals surveyed, career information was obtained from 99 graduates (38%). Of those responding to the survey:

- 67 (67.6%) were employed in professional positions
- 24 (24.2%) were enrolled in graduate school or planning to attend graduate school in 2010
- 7 (7%) were still looking for jobs or employed in summer, temporary or non-professional positions
- 1 (1%) was in the military
