

Ready. Set. Register.

Step **1**

CAMPUS WEB

By now you should have received an email from our IT Help Desk that included your FPU username and a link to set up your password. Now it's time to grab your username, password, computer and log on to CampusWeb at campusweb.franklinpierce.edu.

On the HOME tab, please complete both items below:

1. Personal Information Update
2. Financial Responsibility Agreement

ADVISING APPOINTMENT

Appointments will begin after May 1, 2023.

Once you complete the form, you will be contacted to schedule your Advising Appointment.

Register for a Virtual Course Registration Appointment.

Scan the QR code to access our online registration form, or visit franklinpierce.edu/accepted and click on ASAP.

Step **2**

In preparation for your Advising appointment, please review Steps 3-6.

CHOOSE YOUR FYI SECTION

Step 3

All first year students are required to take the First Year Inquiry (FYI) course. Select one choice and one back-up from the list below. Students in the Honors Program should choose a section designated as Honors. More instruction will be provided during your appointment.

Course Number	Course Name	Instructor	Course Description
GLE101.01	The Value of Design Thinking	Christopher Previte	Many industries including healthcare, science, education, communications, and media use Design Thinking to better understand their clients and each other. Design Thinking is a process that challenges assumptions and redefines problems. In this class, students will engage in hands-on projects and create innovative, human-centered solutions.
GLE101.02	FYI: First Year Inquiry	TBD	FYI introduces you to college academics by guiding you through the inquiry process and introducing you to the kind of thinking that is expected of you at Franklin Pierce. Inquiry-based processes emphasize questions rather than answers and encourages you to ask questions as you read and learn, guiding you to deeper analysis of issues; the course also serves to introduce you to FPU's resources, culture, and college life. Your instructor is your academic advisor.
GLE101.03	Artificial Intelligence	Leslie Inglis	This class explores the impact of technology on our daily lives. Is technology changing our lives for the better? How do we know? Using multiple types of media, we will explore various topics including robotics, lifestyle tech, algorithms, and big data.
GLE101.04	Medical Advancements	Lindsay Vago	Medical advancements over the decades will be the focus of this Health Science FYI course. Specifically designed for students majoring in Health Science, a consistent thread of inquiry and analysis of science literature will run through our group projects, presentations, and guided discussions with the overall aim at promoting critical thinking.
GLE101.05	Medical Advancements	Helene Rogers	Medical advancements over the decades will be the focus of this Health Science FYI course. Specifically designed for students majoring in Health Science, a consistent thread of inquiry and analysis of science literature will run through our group projects, presentations, and guided discussions with the overall aim at promoting critical thinking.
GLE101.07	Experiencing Race, Class & Gender in the U.S.	Seamus Pender	Who Are You? The way we may answer this question depends on many factors that make up ourselves, the lived experience of race, ethnicity, religion, gender, sexuality, and socioeconomic class. Through stories, essays, poetry, and critical analysis students will examine and explore the many aspects of Identity, Power, and Change in the US.
GLE101.08	Eating Animals	Verna DeLauer	Humans have a unique relationship with both wild and domestic animals – we eat them, we live with them, we are entertained by them, and we use them for medical experimentation. This course will examine this relationship and think about whether our relationship to animals must change as we face a climate emergency. Classes will be dynamic with hands-on activities, lectures, and discussion.
GLE101.09	Launching Your Business Career	Robert McGeough	This course covers the following business-related topics, developing a Business Mindset as well as understanding basic economics. We spend time looking at the Global Marketplace. The course reviews the art and science of marketing, also entrepreneurship and small business ownership.
GLE101.10	FYI: First Year Inquiry Health Sciences	Nancy Fey-Yensan	FYI introduces you to college academics by guiding you through the inquiry process and introducing you to the kind of thinking that is expected of you at Franklin Pierce. Inquiry-based processes emphasize questions rather than answers and encourages you to ask questions as you read and learn, guiding you to deeper analysis of issues; the course also serves to introduce you to FPU's resources, culture, and college life. Your instructor is your academic advisor.
GLE101.24	FYI: First Year Inquiry	TBD	FYI introduces you to college academics by guiding you through the inquiry process and introducing you to the kind of thinking that is expected of you at Franklin Pierce. Inquiry-based processes emphasize questions rather than answers and encourages you to ask questions as you read and learn, guiding you to deeper analysis of issues; the course also serves to introduce you to FPU's resources, culture, and college life. Your instructor is your academic advisor.
GLE101.25	FYI: First Year Inquiry	TBD	FYI introduces you to college academics by guiding you through the inquiry process and introducing you to the kind of thinking that is expected of you at Franklin Pierce. Inquiry-based processes emphasize questions rather than answers and encourages you to ask questions as you read and learn, guiding you to deeper analysis of issues; the course also serves to introduce you to FPU's resources, culture, and college life. Your instructor is your academic advisor.
GLE101.26	FYI: First Year Inquiry	TBD	FYI introduces you to college academics by guiding you through the inquiry process and introducing you to the kind of thinking that is expected of you at Franklin Pierce. Inquiry-based processes emphasize questions rather than answers and encourages you to ask questions as you read and learn, guiding you to deeper analysis of issues; the course also serves to introduce you to FPU's resources, culture, and college life. Your instructor is your academic advisor.
GLE101.29	FYI: First Year Inquiry Environmental Science	Catherine Owen-Koning	FYI introduces you to college academics by guiding you through the inquiry process and introducing you to the kind of thinking that is expected of you at Franklin Pierce. Inquiry-based processes emphasize questions rather than answers and encourages you to ask questions as you read and learn, guiding you to deeper analysis of issues; the course also serves to introduce you to FPU's resources, culture, and college life. Your instructor is your academic advisor.
GLE101.30	The Art of Resiliency: International Students	Jeanette McKillop	Designed for International Students, this course will focus on how to make the most of your Franklin Pierce experience inside and outside the classroom through an in-depth examination of resiliency. We will focus on the field of resilience research, including evidence-based cognitive, emotional, interpersonal skills. Students will conclude the course with a variety of usable resiliency skills.
GLE101.31	The Psychology of Being Human	Jennie Brown	Life can be tough! No matter who you are, where you live, or how much money you do (not) have, we all experience stress and trauma both psychologically and biologically. How do we rise above it? In this class we will learn how to better deal with our own stress and to understand others. This class is for anyone who interacts with other humans.
GLE101.33	Experiencing Race, Class & Gender in the U.S.	Seamus Pender	Who Are You? The way we may answer this question depends on many factors that make up ourselves, the lived experience of race, ethnicity, religion, gender, sexuality, and socioeconomic class. Through stories, essays, poetry, and critical analysis students will examine and explore the many aspects of Identity, Power, and Change in the US.
GLE101.H1	Honors: Archaeology of the Monadnock Region	Robert Goodby	Students will travel back in time by exploring archaeological sites in the Monadnock Region, excavating local Native American sites dating back to 8,000 years before present, learning the basics of professional archaeology and how to work with developers, state agencies, and environmental scientists to discover and protect archaeological sites.
GLE101.H2	Honors: Pathology & Wellness in the US	Tom Bennett	Healthcare in the U.S. and the world is progressing at a rapid pace. There are also many challenges to providing optimal care to all. Medical advancements over the decades will be the focus of this Health Science FYI course. Specifically designed for students majoring in Health Science, a consistent thread of inquiry and analysis of science literature will run through our group projects, presentations, and guided discussions with the overall aim at promoting critical thinking.

Step 4

MAJOR, PREFERRED AND MATH COURSES

Use the table below to find your major, your preferred course(s) and your math course. Most students will also take GLE110 First-Year Composition. You will discuss this during your advising appointment.

Major	Preferred Course(s)	Preferred Math
Accounting	AC101 Principles of Accounting or ET101 Principles of Macroeconomics	MT260 Statistics
Biology	BI101 Biology I	MT151 College Algebra or higher level Math
Communications - All Tracks	COMM120 Media Production and COMM130 Media Studies	Any
Criminal Justice	CJ201 or CJ203 or CJ 221 and SO101 Introduction to Sociology	MT260 Statistics (can wait until sophomore year)
Digital Media Design	DMD200 Exploring Digital Story Telling and GC201 Graphic Design I	Any
Education:		
Elementary K-6/K-8	ED105 Educational Psychology and EN115 Banned Books	MT130 Math for Educators
General Special	ED105 Educational Psychology and EN115 Banned Books	MT130 Math for Educators or MT151 College Algebra
Secondary English Language Arts	ED105 Education Psychology, EN203 Introduction to British Literature, and EN210 Introduction to Literary Studies	MT130 Math for Educators or MT151 College Algebra
Secondary Life Sciences	ED105 Educational Psychology and BI101 Biology I	MT151 College Algebra
Secondary Social Studies	ED105 Educational Psychology and HS204 U.S. History Since 1945	MT130 Math for Educators or MT151 College Algebra
English - Any Track	EN203 Introduction to British Literature and EN210 Introduction to Literary Studies	Any
Emergency Medical Services	HCA201 Introduction to Healthcare Management	Any
Environmental Science	ES103 Ecosystems and Wildlife Conservation and ES210 Evolution of Environmental Thought	MT151 College Algebra or higher
Environmental Studies	ES103 Ecosystems and Wildlife Conservation and ES210 Evolution of Environmental Thought	MT151 College Algebra or higher
Finance	AC101 Principles of Accounting I and ET101 Principles of Macroeconomics	MT260 Statistics
Healthcare Administration	HCA201 Introduction to Healthcare Management	MT260 Statistics
Health Sciences	BI101 Biology I	MT260 or MT221
History - All Concentrations	Any 200-level HS course	Any
Honors Program	GLE101 First-Year Inquiry Honors, GLE110 Composition I Honors	See Major's requirement
Human Services	SO101 Introduction to Sociology and HCA201 Introduction to Healthcare Management	MT260 Statistics
Management	AC101 Principles of Accounting I and ET101 Principles of Macroeconomics	MT260 Statistics
Marketing	AC101 Principles of Accounting I and ET101 Principles of Macroeconomics	MT260 Statistics
Music - All Concentrations	MU151 Theory of Music I and Private Instruction, Ensemble	Any
Political Science	PO110 Political Violence	Any
Psychology	PS101 Introduction to Psychology	PS260 Statistics for Behavioral Sciences (As a sophomore)
Sports Recreation Management	SR100 Foundations of Sports & Recreation Management	MT260 Statistics
Sports Media	SPME101 Foundations of Sports Media	Any

Step 5

ELECTIVE COURSES

Select **one** or **two** choices from the Elective Courses listed below – it's okay if they are both under the same heading. You will use these choices if there is room in your schedule.

4 CREDIT OPTION

MT222 w/MT222L Calculus II Lab & Lecture

3 CREDIT OPTIONS

AC101	Principles of Accounting
BA213	Business law
CIT140	Electronic Spreadsheets
CIT274	Computer Forensics & Security
CJ210	Courts and Criminal Procedures
COMM120	Introduction to Media Production
EN203	Introduction to British Literature
EN209	Introduction to Creative Writing
ES210	Evolution of Environmental Thought
FM214	Managing Your Money
FM224	Principles of Financial Management
FM257	Real Estate Investments
HCA201	Introduction to Healthcare Management
HS222	Ancient History
MK201	Principles of Marketing
MN201	Principles of Management
PUBH101	Intro to Public Health & Health Service
SPME101	Foundations of Sports Media
SR100	Foundations of Sports & Recreation
SR115	Foundations of Adventure Sports & Rec
WL115	Introduction to Women, Gender, and Leadership

2 CREDIT OPTIONS*

MU103	Piano I
MU105	Guitar I
MU107	Voice I
MU151	Theory of Music I
MU154	Contemporary Music I
MU155	Rap I
MU157	Bass Guitar I
MU159	Flute I
MU169	Clarinet I
MU175	Organ I
MU177	Saxophone I
MU179	Percussion I
MU183	Strings I
MU185	Trumpet I
MU187	Trombone I
MU189	Low Brass I
MU193	Double Reeds I
MU195	Recorder I

*for non-music majors, there is a private instruction fee

1 CREDIT OPTIONS

BA280	Small Business Advisory Group
MU155	Pep Band
MU167	Jazz Ensemble
MU191	Vocal Ensemble
SO321	Social Science Computer Skills
TR010	Tutorial in ESOL

Ready.
Set.
Register.

Step 6

GENERAL & LIBERAL EDUCATION COURSES

Select two choices from the General & Liberal Education (GLE) Courses below – It's okay if they are both under same heading.

ARTS AND DESIGN

COMM232	Understanding Film
COMM240	Public Speaking
FA101	Two-Dimensional Design
FA180	Foundations of Art
FA201	Drawing I
FA205	East Asian Brush Painting I
FA217	Intro to Photographic Processes
FA221	Ceramics
FA231	Painting I
FA235	Printmaking I
GC201	Graphic Design I
MU102	Song from Bach to Hip-hop
MU120	Recording Techniques
MU150	Fundamentals of Music
MU218	History of Electronic Music
MU219	Music and Film
TH131	Dance Movement I

HUMANITIES

EN110	Many Voices: Multicultural Lit
EN115	Banned Books
EN270	Women Writers
ES108	Nature and Culture
GLE200	The Twentieth Century: A Global Approach
GLE205	American Soundscape
GLE210	Ancient and Medieval Worlds
HS132	Reel History: American Stories Film
HS201	US History to War of 1812
HS224	US History since 1945
PA101	Introduction to Philosophy
PO110	Political Violence

MATHEMATICS

MT130	Mathematics for K-8 Educators
MT151	College Algebra
MT221	Calculus I w/MT221L Calculus I – Lab & Lecture
MT260	Statistics I
PS260	Statistics for Behavioral Sciences

NATURAL SCIENCES

AN102	Human Origins Lab & Lecture
BI101	Biology w/BI101L Biology Lab & Lecture
BI260	Human Anatomy & Physiology w/BI260L Human Anatomy & Physiology Lab & Lecture
ES103	Intro Ecosystem & Wildlife Conservation w/ES103L Lab & Lecture
GL115	Global Change:The Oceans w/GL115L Global Change:The Oceans-Lab & Lecture
PH101	Physics w/PH101L General Physics I-Lab & Lecture

SOCIAL SCIENCES

CJ101	Introduction to Criminal Justice
CJ203	Juvenile Justice
COMM130	Introduction to Media Studies
COMM235	Intercultural Communication
ED105	Educational Psychology
ET101	Principles of Macroeconomics
ET102	Principles of Microeconomics
PO206	Comparative Politics
PS101	Introduction to Psychology
PS270	Psychology of Terrorism
SO101	Introduction to Sociology
SO230	Sport in Society

IF YOU ARE AN NCAA ATHLETE

When you register, you will work with your advisor to check your sport's practice schedule and block out those times on a course time sheet so you won't schedule courses when you have practice.
