Reminder to all faculty and staff - If you're sick, stay home!

Franklin Pierce University has joined the nation-wide effort to diminish the spread of COVID-19 by encouraging staff and faculty to work remotely. Certain offices remain open and designated essential employees continue to work on the Rindge campus and at our academic centers. For the protection of all our employees and their families, please do not come to campus if you are sick, are experiencing symptoms of COVID-19, or have been exposed to someone who may have COVID-19.

Symptoms of COVID-19 include:

- Fever
- Cough
- Shortness of breath

Given the stress that medical facilities are under, please do not come to campus if you are feeling sick with any kind of illness. Continue to wash your hands often with soap and water, cover your coughs and sneezes, avoid close contact with others, and disinfect frequently used surfaces.

Please continue to monitor the Franklin Pierce website for additional information and communications.
