1. Alumni are always able to create and request an account on either the main page or school-specific domain.

<https://franklinpierce.joinhandshake.com>

Even though it asks for a .edu address, we suggest using your **personal email address**, which will always stay with you. Handshake will use this email to identify your account.

2. The next page will ask you to select your school. If you use an Franklin Pierce email, you will be attached to Franklin Pierce in Handshake, the field will be pre-populated with the school name. If not, then select **Franklin Pierce University** from the dropdown menu.

Once you choose your name from the list, we are notified at Office of Career Education. There may be a short delay in your account activation while we verify.

3. Next choose a **password**. Passwords must be 8+ characters and contain 2+ of the following categories: letters, numbers, and special characters.

4. After entering your password, you will be asked to fill in some basic information to get started! **Enjoy!**

If you are currently in a position to post jobs or internships for talented Franklin Pierce students, you can also create a second account with your current work email!
